

Asia-Pacific Workshop on Particle Physics and Cosmology 2021

Thursday 05 August 2021

EWPT (14:30-15:15)

-Conveners: Mayumi Aoki

time	[id] title	presenter
14:30	[64] Electroweak phase transition triggered by fermion sector	HASHINO, Katsuya
14:45	[61] Possibility of a multistep electroweak phase transition in two Higgs doublet models	SHIBUYA, Hiroto
15:00	[68] Probing B+L violation with cosmic magnetic field observation	BIAN, Ligong

EWPT (15:45-16:15)

-Conveners: Kin-ya Oda

time	[id] title	presenter
15:45	[63] Electroweak phase transition in the Georgi-Machacek model under constraints of LHC data	HUANG, Cheng-Tse Sam
16:00	[65] Electroweak phase transition in a complex singlet extension of the Standard Model with degenerate scalars	IDEGAWA, Chikako
